Significant Scientific Contributions to  
Science and Technology  
in New Mexico

## **Table of Contents**

### Introductions

Governor Toney Anaya of the State of New Mexico  
Superintendent Alan Morgan, State Dept. of Education  
President Tom Farer, University of New Mexico  
Superintendent Lillian Barna, Albuquerque Public Schools  
Editors David Hsi and Janda Panitz  
Acknowledgements

### Science in New Mexico: Origin and History

*Ernest A. Mares, J. A. Schufle and McAllister H. Hull*

### Science and Technology

#### Agriculture

*George L. McNew, Philip J. Leyendecker, Gordon Watts*

#### Archaeology and Anthropology

*Linda S. Cordell and David E. Stuart*

#### Education

*Hilde Howden, Nancy Finley, Julianne N. Green, Alan Posich, Patrick Scott and Vern Witten*

#### Energy

Preamble - *A. William Snyder*

Electricity - *Jack L. Wilkins, Arthur L. Martinez and Mary Zimmerman*

Geothermal Energy - *Morton C. Smith*

Nuclear Energy - *A. William Snyder*

Oil and Gas - *J. J. Taber*

Solar and Wind Energy - *Virgil L. Dugan*

#### Uranium and Coal

*Morris F. Stubbs*

#### Engineering and Technology

*Gerald W. May and J. Derald Morgan*

#### Environmental Sciences

*Charles C. Reith and Gerald W. Thomas*

#### Geology

*Barry S. Kues, Clay T. Smith, Robert M. North, Spencer G. Lucas, Stuart A. Northrop, Christina L. Balk and Robert W. Eveleth*

#### Space Exploration

*Reta Beebe*

#### Space Science and Astrophysics

*Marcus Price*

### Universities, Institutes, and Centers of Study

#### Defense and Science in New Mexico
